NOTES:

1. Bearing material: High Carbon Chrome Bearing Steel (chrome steel) AISI 52100 material for inner race, outer race and balls.
2. Bearing seal: NBR rubber + steel sheet. Rubber color is black, or OEM.
3. Bearing accuracy: ABEC-1 or ABEC-3.
4. Bearing noise: Z1, Z2, or Z3 grade.
5. Bearing brand: PLB, QJZ, or neutral brand. OEM service is welcome.
6. Bearing lubrication: SHELL bearing grease, or as per your requirements to filling the other brand grease.
7. Bearing packing: individual color box packaging, or industrial plastic tube packaging.
8. MOQ: 1,000 pcs per item if it is no stock.
9. Lead time: 40 days.
10. Payment term: T/T or Sight LC.
